Top Dog

My Dog's name is Saddle. She is 14 years old in human years 98 in dog years. We have had her ever since I was born. I hope we have for many more years to go.

My Dog is a black lab. She likes to lay on her mat when it's cold out but when it's warm she likes to be outside. She likes to lay with the cats.

Saddle when she wants inside she can get up on the wall and ring the door bell. She lets the cats play with her tail. My dad has a shed and Saddle can open the door.

I think my dog should be top dog because she is old and still playful. Saddle doesn't just lay around.
