What happens to the complaint once is it submitted?

All complaints alleging discrimination based on race, color or national origin in a service or benefit provided by the Board will be directly addressed by the Board. If more information is needed to resolve the case, the Board may contact the complainant. The complainant has (15) business days from the date of the letter to send requested information to the investigator assigned to the case. Please note that in responding to any requests for additional information, a complainant's failure to provide the requested information may result in the administrative closure of the complaint. If the investigator is not contacted by the complainant or does not receive the additional information within (15) business days, the Agency can administratively close the case. A case can be administratively closed also if the complainant no longer wishes to pursue their case.

How will the complainant be notified of the outcome of the complaint?

The Board will send a final written response letter (see Appendix D or E) to the complainant. In the letter notifying complainant that the complaint is not substantiated (Appendix E), the complainant is also advised of his or her rights to: 1) appeal within seven calendar days of receipt of the final written decision from the Board, and/or 2) file a complaint externally with the Ohio Department of Transportation and/or the FTA. Every effort will be made to respond to Title VI complaints within 60 working days of receipt of such complaints, if not sooner.

The results of the investigation did not indicate that the provisions of Title VI of the Civil Rights Act of 1964 had in fact been violated. As you know, Title VI prohibits discrimination based on race, color, or national origin in any program receiving federal financial assistance.

The Board of Commissioners has analyzed the materials and facts pertaining to your case for evidence of its failure to comply with any of the civil rights laws. There was no evidence found that any of these laws have been violated.

PUBLIC PARTICIPATION PLAN

INTRODUCTION

Champaign Transit System (CTS) is a demand - response door to door public transportation system that operates in Champaign County, Ohio. Riders are asked to please try and give a twenty-four hour notice if possible, some same day trips are usually available.

This plan will inform the public the different ways they can have participation in CTS planning, as well as have and give feedback to CTS operations and other transit items of interest. CTS will make efforts to reach those persons of low to moderate income, limited English proficiency (LEP) and those with diverse backgrounds.

PURPOSE

Pursuant to the revised Title VI, 4702.1B Circular, the Citizen Participation Plan is hereby being adopted by CTS and its governing board to ensure that all citizens of Champaign County, Ohio including persons from diverse racial backgrounds, persons with disabilities, persons with limited English proficiency and persons with low to moderate income levels are given the opportunity to actively participate in planning and implementation of CTS activities.

CITIZEN PARTICIPATION

Champaign County citizens are encouraged to participate in any forums involving CTS: including but not limited to such items as input into grant applications, grant procedures, CTS policies & procedures planning that may occur during public forums, transit advisory meetings or monthly transit commissioners meetings.

The County encourages participation from minorities, limited English proficient speaking residents, persons with disabilities and low to moderate income residents.

CTS has on its Transit Advisory Committee (TAC) representatives from city and county government, social service agencies, disabled persons and minorities. All of these TAC members work to include all Champaign County residents when planning.

CITIZEN COMMENTS

CTS will give the residents of Champaign County the opportunity to review and comment on any documents or plans that do or do not require specific review and comment periods. The County and CTS will review citizens' concerns, comments and any recommendations. The Urbana Daily Citizen (UDC) will be used for notifications in accordance to ODOT mandates. All documents will be made available upon request in other formats to persons with disabilities. Said documents will be considered public and made available upon request at the CTS office, 1512 S. US Highway 68, Suite K100, and Urbana, Ohio 43078 during the normal business hours of Monday thru Friday from 7:00am to 5:30 pm.

PUBLIC HEARINGS

CTS has at least one public hearing annually prior to submitting the ODOT grant application. This hearing and all others are held in an accessible location, usually the Champaign County Community Center @ 1512 S. US highway 68, Suite A100. The grant application is advertised in the UDC a minimum of 30 days prior to the hearing. All hearings will have the date, the time, and the location of the hearing. All the hearings will be conducted during CTS hours of operation in order to make more accessible to those who may have transit needs.

PUBLIC MEETINGS/FORUMS

Champaign County citizens are encouraged to attend any scheduled meetings or forums. Notices will be placed in the UDC in the *Legal Section* or the *Community Calendar Section*. Notices are also placed in two locations in the Champaign County Community Center, 1512 S US 68 and in the County Court House, 200 North Main Street. Public hearings as noted earlier will be held in accessible locations and during CTS hours of operation which helps provide a greater likelihood that participation is all inclusive to our target audience.

CTS DOCUMENT AVAILABILITY

All documents associated with the transit system will be made available upon request. Materials can be made available in other accessible formats to persons with disabilities with an advance notice. These materials can be obtained at the CTS office. Please call 937-653-8777 to discuss what format may be needed.

CITIZEN COMPLAINTS

The Champaign County Commissioners have adopted the CTS Policy and Procedure Manual which outlines on page # 102 how citizens can file complaints or make comments including any items related to Title VI issues. These procedures are also outlined in the Title VI statement that is available in the CTS Office lobby and on each CTS vehicle, as well as the Champaign Transit website available from the Champaign County website under the transportation tab.

PERSONS WITH DISABILITIES

To accommodate persons with disabilities all CTS meetings/forums will be held in accessible locations for those persons with mobility restrictions. CTS also has accessible vehicles available at these times to provide transportation to and from all meeting/forums. Call 937-653-8747 to schedule a ride.

PERSONS WITH LIMITED ENGLISH SPEAKING PROFICIENCY

Using the **2020 Census figures** it is apparent Champaign County does not have any high concentrations of non-English speaking residents. CTS will however makes every effort to provide any transportation or interpretation needs if given at least three (3) day notice to do so. Costs that may be associated with these services will be covered with CTS funds using the ODOT grant monies. No additional fees will be charged to persons requiring additional help.

Champaign Transits LEP Plan will be reviewed annually by the Champaign County Commissioners and the CTS TAC. Any changes will be reviewed and adopted by the Champaign County Board of Commissioners. As noted before in this document, TAC meetings will be published in advance of the meeting and public participation is encouraged.

COMMISSIONER MEETINGS

Whereas the TAC advises on CTS matters, the Champaign County Commissioners are the actual governing body for Champaign Transit. To insure all TAC information is communicated proficiently to the County Commissioners the board has assigned **Tim Cassady**, County Commissioner, to serve as a TAC member. The Champaign County Commissioners generally meet every Tuesday and Thursday starting @ 8am. CTS have a standing 9 am appointment on the third Thursday of every other month.

The TAC will meet in **2021** on March, June , September and on December . Both of these entities will meet in the Champaign County Commissioners office, 1512 S US 68, Suite A 100, Urbana, Ohio 43078 unless otherwise noted and posted.

SUMMARY OF CURRENT OUTREACH EFFORTS BY CTS

Yearly as the migrant workers arrive in town, CTS will make contact with the farms in order to set up a meeting to offer assistance to the LEP workers for any transportation needs they may have.

As the Urbana University students arrive on campus in the fall we will attend the Open House and set up a table to explain about CTS and what they can offer to students with LEP needs.

Providing public notice to all hearings, meetings/forums as written previously

Executive Order 13166, "Improving Access to Service for Persons with Limited English Proficiency."

Definitions:

County Agency- Any County Agency standing alone or any combined agencies with a single administrative structure; JFS, WIC, Health Department, etc.

Effective Communication- When staff take the necessary steps to assure that a LEP person is given adequate information in his/her own language to fully understand the provided services offered and the requirements of those services;

Interpretation- Is the written or spoken transfer of a message or information from one language into another language;

Limited English Proficiency (LEP)-A person with LEP is not able to speak, read, write or understand the English language well enough to allow him/her to interact with a county agency;

Translation- the written or verbal transfer of a message from one language into another language;

IV. Applicability:

This directive applies solely to the Champaign Transit System (CTS) and has been adopted by the Champaign County Board of Commissioners for the purpose of providing transit for persons with LEP.

V. Limited English Proficiency Plan

A. Statement of Service

LEP individuals are those whose proficiency in speaking, writing, reading or understanding English as a result of national origin is such that it would deny or limit their access to the services provided by CTS if language assistance were not provided. CTS are taking steps as outlined in this plan, to assist LEP individuals in accessing CTS services. We are also committed to improving the effort throughout Champaign County. This LEPP is designed to help employees of CTS by providing them with guidance on interpretation, translation, and outreach services for LEP persons associated with CTS. The top priority of the plan is to make sure LEP individuals have access to critical services and activities. This plan does not address how other county agencies deal with or handle LEP persons.

B. Identification of LEP individuals/population:

According to the Champaign County 2020 Census information, there are 2.2% of the 38,714 population for Champaign County age 5 or older that speak a language other than English at home. Of that 2.2%, 1.7% of those are individuals of Hispanic or Latino origin. Therefore we have approximately 852 people in the County that speak something other than English at home and 658 of those or more would be speaking Spanish as their primary language at home. Also checked was the 2010-2011 Ohio Department of Education Report Card for all schools in Champaign County and they do not have enough LEP students (10 minimum) to be listed on the report card.

C. LEP information from other Champaign County Agencies and Business Associates:

CTS have checked with the following agencies about LEP individuals that they have come in contact with within the last year (2012). (2014) (2015) (2016) (2017) (2018) (2019)(2020)

CTS will address phone calls and voice messages by LEP individuals in the following manner; when a call is received from an LEP individual we will attempt to determine the required language and ask the client to hold while we try and contact one of our resources listed in section V or D to assist in the process. All walk in individuals will be handled in the same manner as far as determination of language needed and then waiting until we can get help that is needed. If drivers encounter LEP without the previous contact of the office dispatcher or other office staff they will handle the situation in this manner: The driver will try the translation paper in each van to find out what language we are dealing with then they if needed will bring the rider to the CTS office so that we may treat the LEP as if they were a walk in client. This can be accomplished in most areas of the county due to the size of our area being somewhat limited.

F. Document Translation;

Champaign County Health Department had our brochure put into Spanish form. We have chosen that language based on it being the most likely to be needed for interpretation in our area. Any other translation needs will be handled as needed at that time after language determination is made.

G. Dissemination of Information to CTS personnel;

CTS will make sure all drivers and office help are aware of this LEPP and its policies; the methods of providing services to LEP individuals and other information contained within this plan through the following; new employee orientation, LEPP handouts, copy of plan.

New this year each van has a Language Line Solutions Interpretation Sheet. (See Attachment).

H. Plan Review;

CTS will review the LEPP as often as deemed necessary and any time new LEP individuals need CTS services. CTS will also check with other county offices and city agencies yearly to see if any LEP encounters have come up.

FOUR - FACTOR ANALYSIS:

Factor #1:

Number or Proportion of Persons Eligible to be Served

- A. CTS currently have no LEP riders. In the last four years we have had one Spanish speaking woman that has now passed. She would have family members make and cancel her appointments to and

from destinations. While on the van she spoke enough broken English to get her message across to drivers.

- B. Champaign County does not have and specific identified communities. The county does have a local potato farm (Michael's Farm) that does house a number of seasonal migrant workers during the summer months. The county schools do not have enough LEP students (min. 10) to determine a literacy rate. This information is taken from the 2016 – 2017 Ohio School Report Cards which can be seen in the Attachments for each school.
- C. Having contacted other county agencies as well as Urbana city agencies and businesses (pg.6) it is fair to say that LEP persons are not being underserved by CTS due to any language barriers.

Factor #2:

The frequency with which LEP persons come into contact with CTS

- A. CTS does not currently have any LEP riders. Urbana University where our best chance to come across any LEP population has closed down. We have some riders that are very hard to understand on the telephone but do to speech issues not LEP. We have not received any LEP calls in the last year.
- B. In attending zoom public meetings in the last year I have not had any contact with LEP persons. In contacting the Urbana City Council and the Champaign County Board of Commissioners (CCB of C) there have been no LEP issues or visitors at any meetings within the last year. Covid 19 played a major part in this for 2020.
- C. CTS interaction with LEP persons although currently none is addressed on pages 6 & 7 as far as how the contact with these individuals will be handled.

Factor #3:

Nature and Importance of CTS to LEP persons.

- A. CTS provide door to door demand response service to all residents of Champaign County and to all areas of Champaign County as well as to medical appointments in a fifty mile radius of Urbana. The CTS service is vital to all county residents including those with LEP skills. Our riders use CTS for a number of different reasons which include but are not limited to; health reasons, social service, work, education, and socializing. CTS make every possible effort to be on schedule even during inclement weather days. Exceptions would be weather considered unsafe by local authorities.
- B. With the information gathered from contacts made to agencies throughout the county (pg. 6), it is determined that LEP contacts are relatively minimal. LEP contacts based on the 2020 Champaign County Census that is available in limited format (see attachments) would more than likely be Spanish). The LEP persons from Champaign County are best served by our demand response service because of the availability of assistance for them at their locations (work farm @ Michaels Farm).

Factor #4:

CTS Resources and Anticipated Costs of Providing LEP Access.

To date CTS feels comfortable with the ability to provide LEP assistance in Spanish, if needed, within a short time frame with the current list of contacts from pages 7 & 8 of this document. No additional costs associated are being discussed at this time. If in the future any major changes occur in CTS ridership it will be addressed at that time with the CCB of C and the transit system TAC. With limited transit funds always a concern efforts will be made to have LEP assistance provided at no additional charge to the transit system if at all possible.

Whenever a TAC spot becomes open the committee discusses possibilities as to whom they would like to consider to become a TAC member. Title VI issues are taken into account at that time. The black women we had on the TAC began having poor health and decided to resign.
